

IDEAYA Announces Pricing of Public Offering of Common Stock

SOUTH SAN FRANCISCO, Calif., July 7, 2021 [/PRNewswire/](#) -- IDEAYA Biosciences, Inc. (Nasdaq:IDYA) today announced the pricing of an underwritten public offering of 4,637,681 shares of its common stock at a public offering price of \$17.25 per share, before underwriting discounts and commissions. In addition, IDEAYA has granted the underwriters a 30-day option to purchase up to an additional 695,652 shares of common stock at the public offering price, less underwriting discounts and commissions. The gross proceeds from the offering, before deducting underwriting discounts and commissions and other offering expenses payable by IDEAYA, are expected to be approximately \$80.0 million, excluding any exercise of the underwriters' option to purchase additional shares. The offering is expected to close on or about July 12, 2021, subject to the satisfaction of customary closing conditions.

IDEAYA intends to use the net proceeds of the offering, along with its existing cash, cash equivalents and short-term and long-term marketable securities to fund (i) clinical development of IDE397, its MAT2A inhibitor development candidate, (ii) preclinical and clinical development of other product candidates in its research pipeline targeting poly (ADP-ribose) glycohydrolase, or PARG, a MTAP synthetic lethality target (other than MAT2A), and DNA damage targets, as well as its share of costs for targeting WRN under IDEAYA's Collaboration, Option and License Agreement with GSK, (iii) ongoing early clinical development of darovasertib (IDE196), its PKC inhibitor, in metastatic uveal melanoma, or MUM, and other solid tumors having GNAQ/11 hotspot mutations, including as monotherapy and as combination therapies with binimetinib, a MEK inhibitor, and independently with crizotinib, in each case pursuant to a clinical trial and drug supply agreement with Pfizer, (iv) synthetic lethality target and biomarker research and development activities and (v) working capital and other general corporate purposes.

J.P. Morgan, Citigroup, Jefferies and Guggenheim Securities are acting as joint book-running managers for the offering.

The securities described above are being offered by IDEAYA pursuant to a shelf registration statement on Form S-3 that was previously filed with and declared effective by the U.S. Securities and Exchange Commission, or the SEC. The offering is being made only by means of a written prospectus and prospectus supplement that form a part of the registration statement, copies of which may be obtained, when available, by request from: J.P. About IDEAYA Biosciences

IDEAYA is synthetic lethality-focused precision medicine oncology company committed to the discovery and development of targeted therapeutics for patient populations selected using molecular diagnostics. IDEAYA's approach integrates small molecule drug discovery with extensive capabilities in identifying and validating translational biomarkers to develop targeted therapies for select patient populations most likely to benefit. IDEAYA is applying these capabilities to develop a robust pipeline in precision medicine oncology, with a research focus in synthetic lethality—which represents an emerging class of precision medicine targets.

Legal Notice Regarding Forward-Looking Statements

This press release contains forward-looking statements. All statements other than statements of historical facts contained herein, including without limitation statements regarding the expected closing of the public offering and the expected use of proceeds from the public offering, are forward-looking statements reflecting the current beliefs and expectations of management made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve substantial risks and uncertainties that could cause IDEAYA's preclinical and clinical development programs, future results, performance or achievements to differ significantly from those expressed or implied by the forward-looking statements. Such risks and uncertainties include, among others, the uncertainties inherent in the drug development process, including IDEAYA's programs' early stage of development, the process of designing and conducting preclinical and clinical trials, the regulatory approval processes, the timing of regulatory filings, the challenges associated with manufacturing drug products, IDEAYA's ability to successfully establish, protect and defend its intellectual property, the effects on IDEAYA's business of the worldwide COVID-19 pandemic, and other matters that could affect the sufficiency of existing cash to fund operations. IDEAYA undertakes no obligation to update or revise any forward-looking statements. For a further description of the risks and uncertainties that could cause actual results to differ from those expressed in these forward-looking statements, as well as risks relating to the business of IDEAYA in general, see IDEAYA's recent Quarterly Report on Form 10-Q filed on May 10, 2021, the preliminary prospectus supplement related to the proposed public offering and subsequent filings with the SEC.
